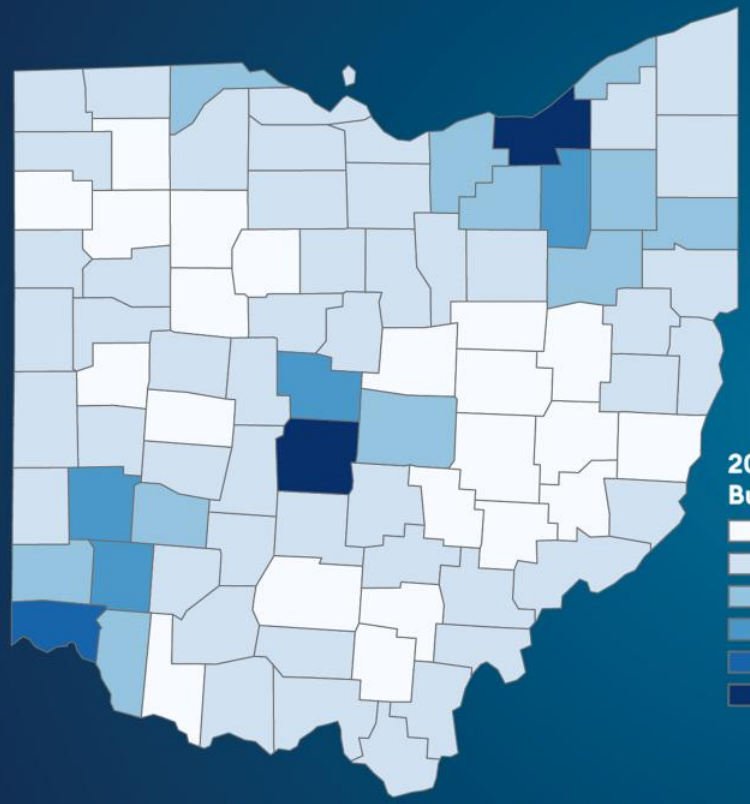
Dramatic Growth in the Data Center Industry over the Past Decade



Data Center Growth of 380%

In 2011, Ohio had 379 data hosting & processing facilities.

Today, there over 1,834 data hosting & processing facilities*.

*Facilities = Includes private facilities and commercial services providers, stand-alone data centers, and data hosting from mixed-used facilities such as Class A office, medical campuses, colleges and universities, factories, defense contractors, and more.
